Concordia

Chartered Loss Adjusters Ltd

Engineering Practice Group

Concordia Consultancy Ltd provides an innovative engineering services practice to both the International and UK markets.

Our Service

Depending on the location, nature and complexity of the loss, our Construction Team can tailor the claims handling to your needs.

Complex multinational claims are handled by a team of specialist consultants, with many languages spoken by our London based Team.

Concordia also offers claim account management, third party administrator and compliance services.

Feedback to Insurers on risk improvement measures which could be considered by an Insured.

Policy Types

Concordia's Engineering Team can assist with commercial projects, tunnels, landslip, subsidence, or other engineering projects in relation to:

- Contractors All Risks (CAR)
- Erection All Risks (EAR)
- Contractors Plant and Equipment (CPE)
- Machinery All Risks
- Electronic All Risks
- Engineering Insurance
- Public Liability (Personal Injury and third Party Property Damage)
- Business Interruption
- Boiler Insurance
- Increased Cost of Working/Production
- Professional Indemnity (PI)
- Employer's Liability (EL)
- Legal Support and Expert Witness

Concordia

Chartered Loss Adjusters Ltd
