## 1. PRACTICE FOCUS – ENGINEERING

We have been busy with Engineering claims adjusting and Expert Witness cases including:

- Gas turbine – Germany
- External cladding – UK
- Conveyor collapse – Australia
- Structural failure – Canada
- Machinery breakdown – Finland
- Product recall – Worldwide
- Asbestos contamination – UK

Operating from: London - Barcelona - Paris – Colombo – with over 100 Associates within The Concordia Global Network Ltd.

## 2. CONCORDIA GLOBAL NETWORK LTD

Our Global Network of Associates continues to grow. Our Associates are experienced professionals with specialist, linguistic and cultural skills providing us with Global Reach around the world.

### Italy

We have been developing opportunities with our Geographical Associate in Italy, Studio Soave. Concordia and Soave have worked together since 2004 on commercial property losses and liability investigations.

**Fillipo Soave**  
Director

### Sri Lanka

We have been working closely with our Specialist Risk Consultancy Associate ASIC, based in Colombo, on risk surveys and valuation projects in Sri Lanka and the Maldives.

**Joel Rajasooriyar**  
General Manager

## 3. INTERIM REPORT

As we enter Concordia's 3<sup>rd</sup> decade of operations we thank our clients for continuing to support us and involve us on complex and challenging assignments.

Our recent Risk Consultancy activities have included a programme of Risk Surveys of luxury hotel resorts in the Maldives. Each resort is self-contained based on its own small island and faces risks including passenger transfers by sea plane and fast motor boats. The use of land based radar and satellite phones have been key recommendations together with increased training and drills in fire fighting, especially at night time.

The Expert Witness Legal services we provide involve cases being litigated, arbitrated or mediated in England, Finland, Canada, Spain, Singapore, France, Maldives and Sri Lanka.

We are always available to discuss or evaluate a problem and to provide a written priced Proposal.

4. NEWS AND EVENTS

City, University of London appoints Paul May as Honorary Senior Visiting Fellow

“It has been a great privilege to have been appointed as an Honorary Senior Visiting Fellow at City, University of London based in the Faculty of Actuarial Science and Insurance at Bayes Business School. I am continuing to support taught and research activities and am progressing my specific research interests in Corporate Governance Law and Risk Management, making the most of the world class library resources at Bayes, and the City University Law School.” [paul.may@city.ac.uk](mailto:paul.may@city.ac.uk)

Concordia workshops have been conducted over recent months in London, Sri Lanka and the Maldives for clients, insurance institutes, Bayes Business School and HPG, the High Premium Group of Lloyd’s Names.

HPG Talk: “How Lloyd’s Names can encourage their Underwriters to be more fully prepared to react to chaos and unpredictability”.

IFAA (The International Federation of Adjusting Associations)

Thank you to AIRMIC (the Association of Insurance and Risk Managers in Industry and Commerce) for inviting the IFAA to have a display stand at their recent Annual Conference in Edinburgh. At next year’s conference in Liverpool, it is hoped that the IFAA might be able to present some of the findings of the research papers on SUBROGATION currently being prepared by various organisations including Burgoyne, HSF, Concordia, and Baker Tilly forensics.

## 5. GIVING AND SUPPORT

During the last year or so we have remained mindful of the needs of others and have supported the following charities:

### National Autistic Society – London Marathon – 2023

Paul completed the 2023 London Marathon on behalf of the National Autistic Society

[www.autism.org.uk](http://www.autism.org.uk)

### RAF Benevolent Fund - Dambusters 100 Mile Cycle – 2023

As part of a team entered by the Worshipful Company of Insurers, Paul rode in memory of one of his late uncles who survived WWII despite being a tail-gunner in Lancasters.

### St Giles Trust - Ride London 100 Mile Cycle – Surrey – 2024

Thank you to all that kindly donated to Paul’s fundraising, including the Worshipful Company of Insurers, enabling £6,000 to be raised.

[www.stgilestrust.org.uk](http://www.stgilestrust.org.uk)

### Limpsfield Grange School

At a charity dinner funds were raised for the Limpsfield Grange School, the UK’s only school solely for autistic girls which was featured in a BBC documentary. The funds enabled the school to purchase a year’s subscription to The Day [www.theday.co.uk](http://www.theday.co.uk) online daily newspaper, especially written with articles across five differentiated reading levels.
